

Minor errors have also been corrected. These appear on:

Page 1, in the paragraph beginning on line 26, where the phrase "it was also known" on line 26 has been changed to "it has also been known".

Page 2, in the paragraph beginning on line 28, where the phrase "are subject to move roller passes" on line 29 has been changed to "are subject to more roller passes."

Page 3, in the paragraph beginning on line 8, where the phrase "and keep them" is inserted after the word "juxtaposition" on line 11.

Page 5 in the paragraphs beginning on lines 1 and 14, where on line 3 reference to "Figure 2" has been changed to "Figure 3", and the phrase "printer 10 illustrated in Figures 1 and 2," on line 18 has been amended to refer to simply the "printer".

Page 6, in the paragraph beginning on line 1, reference to "Figure 2" on line 5 has been changed to "Figure 1".

Page 7, in the paragraph beginning at the top of the page, the phrase "printer 10" on line 4 has been changed to simply "printer".

IN THE DRAWINGS:

A figure has been added to the specification. This figure was originally incorporated by reference to U.S. Serial No. 09/259,116, now U.S. Patent 6,254,592. This figure (Figure 3) corresponds to Figure 4 in U.S. Patent No. 6,254,592.

The Brief Description of the Drawings has been amended to identify Figure 3 which was originally incorporated by reference to U.S. application Serial No. 09/259,116. An alternative description to Figure 2 has been inserted and the original description of Figure 2 is now directed to Figure 3.

IN THE CLAIMS:

The claims in the substitute specification have been amended as follows:

- Sub
C1
B1
- ~~I. A label sheet for duplex printing which comprises at least one face sheet with two opposing printable sides, an adhesive layer bonded to the face sheet and at least one release liner removably adhered to the adhesive,~~
